SATAN REBUKING SIN

The San Francisco press are much given to personalities. If either can find anything that looks like dishonor or obscenity on the part of another it is spread before its readers with flashing heads and much moralizing. We are led to make these remarks from a copy of the *Chronicle*, of Wednesday, which contains about a page and a quarter of what purports to be a fac-simile agreement between the *Bulletin-Call* proprietors and a certain medicine man for the advertising of the medicine, and the *Chronicle* holds up its hands in holy horror and affects a very saintly part, prating about exposure of the nefarious scheme to murder the public, etc. To read the *Chronicle's* account of its part in the affair one would think that it was the soul of honor; that no dishonest penny ever polluted its wallet, that it was the self-constituted champion of all that is pure and innocent. Bosh! Not a day passed but what it does things equally as bad, if not worse, than the reputed charge against the *Bulletin-Call*. But it calls it "legitimate journalism," when it is interested. The *Chronicle* has been guilty of similar offences time and again, and it seems entirely out of place to attempt to rebuke faults in others. "Remove the mote out of thine own eye, that thou mayest the better see to remove the beam from thy brother's eye."

NOMINATIONS.—The Nevada county, Cal. Independents have held their convention and put up the following ticket: For Assemblymen—Seth Martin, of Truckee; W. D. Woods, of Grass Valley; and H. S. Atwater, Moore's Flat; Sheriff—E. O. Tompkins, Bear Valley; Clerk—E. W. Bigelow, Nevada; Treasurer—C. G. Allan, Nevada; Assessor—John McBean, Washington; Recorder—Geo. Carson, Grass Valley; District Attorney—W. D. Long, Nevada; County Surveyor—F. R. Miller, Nevada; Public Administrator—Alex. Sims, Grass Valley; Coroner—W. C. Groves, Nevada; Supt. of Schools—Frank Powers, Nevada.

MEADOW LAKE.—The Truckee Republican has this to say of Meadow Lake: The excitement in regard to Meadow Lake and its wealth so difficult to be obtained has subsided for a time. About forty men are now there. At Carlisle Mr. Green has commenced to work the rock and will soon make a clean-up, and then his process will have been tested. The rock he is now working is from the tailings left years ago. At Osavillo a mill is being erected. Pryor will have a party of men at work in about a month, and all feel confident that he will make a success of it.

The new Tilton-Beecher trial will commence early next month. Tilton's leading attorney says he has witnesses who will testify with more directness concerning Beecher's guilt, and that the trial may not last more than ten days. On the other hand, Beecher's attorneys say the trial may last three or four years.

The *Bureka Sentinel* says that somebody offered somebody else \$40 if he would only get him a single copy of this paper, and the *Sentinel* is proud of it. From the way the item reads we fancy the liberal offerer is in "dun." Is he confined for insanity?

The stock of the *Yuba* Mining Co. has been watered—down from 21,000 to 100,000 shares.

TELEGRAPHIC NEWS ITEMS.

Black Hills wealth still telegraphed. The decree ordering the sale of the Northern Pacific Railroad reserves from sale the lands granted that Company by the United States.

Shaffenburg, of Colorado, reported as a defaulter, asserts his innocence and urges an investigation.

A dozen families have been driven out of a county in Illinois by out-laws.

The country along the Mississippi, below Memphis, is still in a critical state on account of high water.

A tunnel caved on a passing train on the Chesapeake and Ohio road Wednesday, killing a fireman, badly hurting the engineer and wrecking the train.

Tom Scott reports work on the Texas Pacific road suspended, but hopes to proceed with it in September. The Government has accepted a part of the finished road.

Yellow fever subsiding in Florida.

A war ship is ordered to Panama because of the threatened revolution in Colombia.

More heavy failures in the Eastern States, Canada and England.

The Pope is making extra arrangements for the reception of Cardinal McClosky.

The Carlists are beginning to talk about "the last ditch."

Gladstone is out in another pamphlet against Papacy. The French Government has forbidden the sale of the pamphlet in France.

A little girl was fatally burned in Austin Wednesday. She was trying to light a fire with coal oil and succeeded.

Though the Church paper at Salt Lake says the reports of the hostile bearing of the savages around Corinne have been started simply to injure the Mormons, the commander at Camp Douglas, after visiting Corinne Wednesday, ordered two more companies of soldiers to be immediately forwarded there.

There is very little doubt but that the defaulting Miller, helped by the Railroad Company, escaped on the China steamer July 2.

The usual suicides and political meetings are telegraphed from San Francisco.

Profrs are a little uneasy in the neighborhood of Corinne, Utah. Some hundreds of Indians there have recently been baptised in the Mormon faith, and, imitating Lee, have cleaned their guns, sent their squaws to the hills, and declare now they are going to drive settlers from the west side of Bear river.

A Vallejo boy sawed wood all day Saturday for his father, who gave him half a dollar as a recompense for his labors. The boy went and purchased two watermelons, and going behind a barn he greedily devoured both of them himself. The doctor's and druggist's bills amount to \$7.50, but the boy is now out of danger, and the old man swears that he shall never cut any more wood for him.

A story is told of an Irishman who had resolved to save four thousand dollars, and was overheard debating with himself how he should do it. "There are two ways," said he, "I can save two hundred dollars a year for twenty years, or twenty dollars a year for two hundred years. Which shall it be?"

HEADQUARTERS.—The Union Pacific Railroad Company are going to begin work immediately upon their new headquarters building at Omaha, Neb., which will cost \$50,000.

The Central Pacific Railroad managers have returned that portion of their road which passes through Burke's county at the usual \$6,000 per mile.

Another Strike—Trouble Ahead.

A telegram from New York of the 10th says that a letter from Fall River, where 15,000 operatives voted themselves thirty days' vacation rather than submit to ten per cent. reduction in wages, states that the action of the grocery and provision dealers, in refusing them credit, will speedily be felt, for the available funds of most of the employees must be nearly exhausted, and that while it is not the policy of the municipal government to allow actual starvation, charity will be dispensed very sparingly, and that the feelings of the community are so decidedly against the operatives that they will resist all measures for relief not absolutely called for in the light of humanity. Meanwhile mill owners say they are determined to maintain their position and settle forever the principle that their business is not at the mercy of help; that they have been governed by the operatives too long, and they now propose to manage their own business in their own way.

SENATOR SARGENT AT HOME.—Nothing more clearly puts to shame the base and uncalled-for effort of the Dolly Varden press in California to sully the fame of Senator Sargent, than his reception at his home in Nevada county, last Friday evening. An invitation to a banquet in his honor was tendered him by all the prominent citizens of Nevada county regardless of party. The banquet came off at the Exchange Hotel, in Grass Valley, on the evening of the 6th inst., and was a splendid success. Mr. Sargent was outgazed for his services in procuring the passage of the placer mining law, and replied in an impressive and convincing speech. As this is the law at which the Dolly Vardens took offence, and for the passage of which Mr. Sargent is berated, this testimony on the part of his fellow-citizens, at home, adds convincing proof of the truth of the Senator's utterances, in declaring that he advocated the bill at the express request of his constituents.—*Gold Hill News.*

CLIMBERS.—Since April 11th, 11,100 persons have made the ascent of Pike's Peak.

STATE FAIR GROUNDS.—Work is being busily prosecuted on the Fair Grounds now. The race track is being placed in thorough order, the horse stretch is already finished and the back stretch, which is 40 feet wide, is now wet down by two water carts and by flooding. In ten days the track will be in No. 1 order. The timber for the Grand Stand is now being cut out and on Monday next it will be raised. After this stand is finished they will set the carpenters to work making the rest of the stalls for the race stock. They already have thirty-three built, but will increase the number to seventy. In connection with these, eighty stalls will be erected for the accommodation of exhibited stock. About 130,000 feet of lumber will be required to build these, and it is now being shipped to the ground daily. The managers are straining every nerve to make it a success and they are going to succeed.

BRICKYARD.—We noticed yesterday that times were lively about the brickyard. Two teams were being loaded with brick from the last burn, and several men were busily engaged in making more. These signs bespeak a brisk market.

I. O. O. T.—This evening the regular quarterly installation of officers of Haswell Lodge, No. 18, will take place in their hall over the Congregational Church. A full attendance of all members in good standing is desired.

POPULATION STATISTICS.—The Virginia Chronicle takes the following statistics from the new Directory, which is now being printed as rapidly as possible: The number of names contained in Bethel's new Directory is as follows: Virginia, 6,108; Gold Hill, 3,600; Carson, 1,185; Silver City, 697; Dayton, 360; Sntro, 153; Empiro, 243; Washoe City, 50; Steamboat, 30; Franktown, 138; Reno, 495—total, 18,005. This only comprises the names of men, together with those of women, engaged in business, and is probably about one-third of the entire population. On this basis, the actual number of residents in Virginia City is 18,594; Gold Hill, 10,800; Carson, 3,555; Silver City, 1,821; Reno, 1,485, and the entire population of the eleven towns is 39,165. It is likely, however, that in the mining towns the number of men is somewhat in excess of one-third of the actual population, and less than that proportion in the valleys and agricultural districts.

OUR WORK.—The following, which we pull from one of our exchanges is equally true of Reno. We pity the poor unfortunates and wish that they could all get employment: All over our country at present can be found large numbers of men out of employment and the most of them out of money, which places them in a very pitiful circumstance indeed. Some of them are willing to do most anything in order to get something to eat. We saw one yesterday—and his looks portrayed truthfulness in his assertions—who stated that he had come to this country some four or five weeks ago, and had as yet been unable to get any work. He was entirely without money, and almost without clothes, having sold them to get money to buy catfish with. Most of these luckless fellows are from the States, where they leave good homes and employment to seek their fortunes in the far west. We should think they could learn from the papers that this country is overrun with laboring men and a poor place to be without coin.

STILL ANOTHER.—Al. Lyman, the engineer of No. 48, the Reno yard engine, is now making arrangements to build himself a house. He will erect a house near Plaza street, and the new edifice will be after the pattern of Postmaster Jamison's. Al. likes nice things and is going to have them if he can get them. He also has great faith in the future of Reno, knowing that property will always be enhancing in value.

SPECIAL TRAINS.—Mr. W. R. Chamberlain informs us that arrangements have been made with Mr. Yerington, by which a special train will be run daily during the Fair from Reno to Virginia at reduced rates, but that the time is left with the managers of the Fair. The time has not yet been decided on, our item of yesterday to the contrary notwithstanding, but will be published in a few days.

CRY OF THE TOWN.—Reno is beginning to blossom as the rose or as a green bay tree, planted by the side of still waters. Her residents are planting trees and shrubbery, and in a year or two it will be a garden spot. The large number of beautiful private residences will soon be as cozy as doxies could ask, and as comfortable as heart could wish. Reno is a rising town.

COSEY.—Prof. Henry Jacobson writes us from Virginia City that he will soon favor Reno with some vocal and instrumental music and after the concert the people present will have a little dance. We will be able to give particulars soon.

TRAVEL.—In the month of July 6,552 passengers passed through Reno over the Central Pacific Railroad, 5,709 westward and 1,843 eastward.

"BORAX MINER."—This lively journal has been in existence two years and now sports "Vol. 3." at its mast head. Many more years of success to it.

HARVEY JUDD will call at the Western Union Telegraph Office, as there is an important message awaiting him there.

WURK a clown in a circus gets \$125 per week for giving out solid jokes, it is no wonder that a country minister on \$500 per annum, part potatoes, oats, hay, and shoulder hams at that, should get discouraged.

So Spibner, after handling hundreds of millions, comes out two dollars ahead. "Frame that bill, General, and hang it up for your posterity to be proud of."

This is becoming tiresome. Dr. J. C. Bigelow, of a Chicago Methodist church, is being rasped on the ragged edge now.

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies' handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress-making establishment opened by the Misses Vance, on Plaza street, opposite the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.

SELLING OFF.—A. Prescott takes this method of informing the citizens of Reno and vicinity that he is selling out, regardless of cost, his immense stock of boots and shoes, to make room for Fall importation.

Just received at the Woodcock Restaurant one barrel spiced pigs feet and spiced beef, also Eastern and California oysters from Morgan & Co., San Francisco.

Selling out at cost to make room for a large Fall stock! I am now selling out at cost all kinds of boots and shoes, including gent's fine single sole, sewed and screwed boots, Ladies French kid balmorals and button boots. K. T. balmorals, children's school shoes and infant's dress shoes. Call and examine and you will be satisfied that I am selling at cost.
